

Scenic Drives

From the Normaway

The Cabot Trail (top photo) was recently named North America`s most scenic drive. Cape Breton has scores of other beauty spots some of which are at our door-step.

Our Front Desk has detailed directions for destinations in the Margaree River Valley area.

The Road to Belle Côte (second photo) on the north side of the River through Fordview is even more scenic than the Cabot Trail side.

Within 15 minutes of Margaree Harbour (third photo) are Whale Cove, Chimney Corner Beach (bottom), the favourite of most local residents, and the shore road from Dunvegan to Broad Cove (unpaved), one of the island`s outstanding drives.
